

- Grades 1-2
- Builds strong literacy foundations and confident early reading.

## Content

- Exercises are organized into six instructional strands: Letter Identification, Patterns, Sight Words, Word Comprehension, Sentence Comprehension, and Passage Comprehension.
- Strong literacy foundation based on phonics and structural analysis.

## For the Student

- Appealing animal characters, graphics, and animation motivate students.
- Spoken instruction and tutorial help support beginning readers.
- Individualized review of skills provides additional practice.

## For the Teacher

- Initial Reading supplements the classroom reading curriculum and aids in diagnosing and remediating problem skill areas.
- Results Manager lets teachers easily customize instruction, generate student portfolios, and assess and follow student progress.

Initial Reading joins content and colorful, animated graphics to help students develop strong reading skills.
